IN RE: Adjustment of Base Rates for ) ORDER DENYING  
Fuel Costs for Carolina Power ) REQUEST  
& Light Company. )

On February 24, 1989, Nucor Steel (Nucor) filed a Motion to Compel in the above captioned docket. In the Motion to Compel, Nucor requested that if the Commission permits Carolina Power & Light Company (CP&L) to make documents available for review at its office, that the Commission should require CP&L to pay the expenses of Nucor's attorneys and expert witnesses in traveling to review these documents. The Commission finds that the request of Nucor should be denied. CP&L has made many documents available for inspection in their offices in Raleigh. CP&L sends most of the documents Nucor requests to Nucor but some are too voluminous to be sent by mail and must be reviewed in Raleigh. The Commission does not wish to hinder Nucor's discovery; however, if Nucor wishes to review these documents it may go to Raleigh at its own expense.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:
